LEAMS
EDUCATION

We, in **Apple International Community School** strongly believe that our task is to empower the minds of our future citizens and leaders.

The Apple International Community School, managed by **LEAMS Education**, brings with it a legacy of over 40 years of academic expertise in the UAE.

The school supports the principles of inclusiveness, innovation, equality of access and full participation in the school

We are recognised as a happy and inclusive school that prioritises student health, safety and well-being.

“

Dear Parents,

Welcome to the First of the many monthly bulletins. I can't believe how fast March is flying-and with the ongoing activities such as Quality Assurance Visit by the KHDA (14-15 March), and ongoing assessments for Primary, upcoming events like Sports Meets for FS and Primary separately, Governing Body meeting etc. – the time is going to fly before we hit the Spring Break.

I would like to extend a big thank you to our teachers, leaders, admin staff and parents for their tireless efforts for making the learning so meaningful for our children in the school.

To keep up the momentum, we will be enriching experiences of our children inside and outside the school premises by introducing a few more new initiatives.

We would like to hear from you about these initiatives that we are taking. Your feedback is valuable to AICS team. To capture your feedback, you will be receiving a Padlet link from my office very soon.

Yours truly,

Pretty Khosla
Principal/ AICS

WHAT'S GOING ON AT AICS?

The School Principal Ms. Pretty Khosla, conducting a class observation in FS2 during Ms Crishani's class to improve student outcomes by improving the instructional prowess of the teacher. Our amazing Students are having fun and are able to estimate numbers independently.

AICS Student Council meets the principal to discuss some of their wonderful suggestions and share their vision for the school success.

Morning Assembly

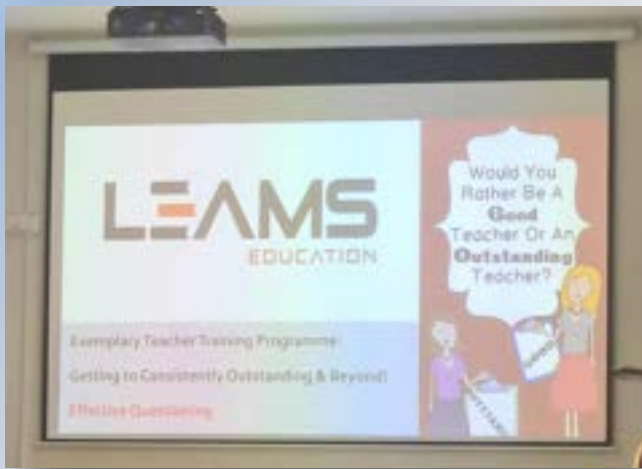

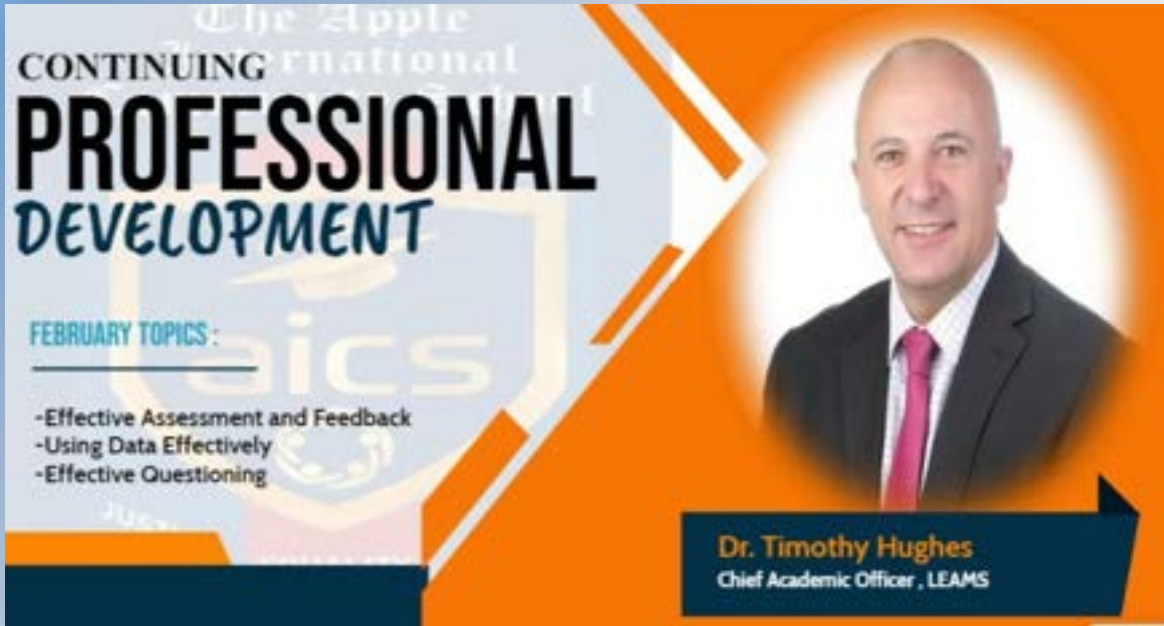

AICS conducts morning assemblies which includes information of latest happenings in the campus, inspiring thoughts, speech, national anthem, etc. The morning assembly is very important for the development of children individually, as well as a community.

The students are also made aware of the school and its achievements during the assembly. These discussions are conducted by teachers and students during the assembly to encourage interaction and participation.

Ms. Pretty Khosla, the school principal of AICS addresses all the students and gives valuable moral teachings. Such initiatives by the principal aims helping students generate perspective and a forward looking attitude. The speech reflects the experiences and values of the school along with initiating exchange of views to broaden student vision.

WHAT'S GOING ON AT AICS?

Dr. Timothy Hughes, CAO at Leams Education

leads the CPD training for the teachers at AICS to aid them in re-visiting and re-imagining their teaching techniques to create a wholesome engagement-focused learning environment inside the classroom.

The CAO believes that through professional development sessions, teachers can garner innovative ideas to produce and practice effective teaching strategies.

The field trips to “Desert Organic Farm” created a buzz of excitement within the AICS student community.

This first hand experience helped them understand and learn the process of growing organic fruits , vegetables and see different farm animals in their natural habitat .

It was a pleasure to see the students interact , share their ideas, enhance their critical thinking skills, foster a sense of team work and have a fun day with their friends

FIELD TRIP
