DONATE YOUR OWN DEVICE (DYOD) CAMPAIGN

Dear Parents,

AICS is joining hands with one more charity campaign 'Donate to Educate' with reference to an email invitation from KHDA.

Donate Your Own Device (DYOD) is a new campaign by The Digital School, an initiative of the Mohammed bin Rashed Al Maktoum Global Initiatives, that gives children in under-served communities access to digital education by collecting and distributing used electronic devices. There are millions of children lost in the digital divide. Your old device could mean their first time using technology, accessing the internet, and getting a hybrid education that can open doors to a brighter future.

We have decided to participate anticipating full support from our students, parents, and staff. To learn more about the initiative, [click here](#).

Each one of your contributions will have a great impact on the lives and futures of children around the world. All devices whether they are working or broken are accepted. If you wish to donate, send them labeled to class teachers or at the school reception on or **before Friday 13 October 2023**.

Thank you for your participation and continued support.

Kind Regards,

Pretty Khosla
