**NASA Educational Trip to the United States of America**

Dear Parents,

Greetings from **The Apple International Community School**.

We kindly request your confirmation regarding your child's participation in the **NASA Educational Trip to the United States of America**, organised by Scravel School Travel, scheduled during the winter break from **14th December to 22nd December 2025**.

Please note that **this trip is entirely organised and managed by Scravel**, the company officially engaged earlier by our school for this programme. **Scravel will assume full responsibility for all travel arrangements, safety protocols, supervision, documentation handling, and the overall wellbeing of students throughout the trip.**

As the number of participants from our school is limited, all students will be under the direct supervision of Scravel's trained tour managers and accompanying staff, who will escort the group from departure until return. The school will obtain an official undertaking from Scravel confirming their custodial responsibility; however, Scravel remains the sole organiser and custodian for this programme. **During the trip, the passport and Emirates ID of each student will be securely held and managed by the designated Scravel representative.**

**The school has received the approval from KHDA for the commencement of this Trip.**

To proceed with your child's participation, kindly provide your written confirmation appended below at the earliest to the Activity Co-ordinator so that we may update our records. The school will also arrange a meeting with the relevant Scravel representatives to brief parents on all travel details, expectations, and safety measures.

In addition, please note that all communication regarding itinerary, payments, visa processing, travel updates, and emergency support will be handled directly by Scravel. The school will extend support only in terms of coordination and facilitation.

We appreciate your cooperation and understanding.

Kind Regards,

*Pretty Khosla*
