External Winter Camp Information Dec 2025

(Year 2 to 10)

Dear Parents,

Greetings from **The Apple International Community School**.

We are committed to preparing our students not only for academic success but also for the opportunities that lie beyond school. As part of this vision, we strongly encourage our learners to participate in internships and winter camps that will enrich their experiences, broaden their skills, and strengthen their portfolios. These programs provide valuable exposure to real-world environments, foster independence, and help students discover their passions - all of which are essential especially for our secondary students in building a compelling profile for future university admissions. In line with that, kindly find below a few options they can choose from under your guidance. We will continue to share more opportunities as and when we receive them. Please be informed that all these options are to be vetted by parents for their suitability for their children, as we are only providing them without any liability attached.

AUE Winter Camp (Year 10)
