## **FS Sports Day**

Dear Parent,

Greetings from **The Apple International Community School**.

Holistic development of a child includes nurturing both the mind and the body. Physical Education plays a vital role in building strength, confidence, teamwork, and sportsmanship. These values come alive during our annual Sports Day, where children participate with enthusiasm, cheer for their peers, and experience the joy of healthy competition.

This year, the FS Sports Day will be celebrated as “SPACETACULAR SPORTS DAY”, with an exciting space theme. The drills and performances by our students will creatively reflect elements of space, planets, and exploration. Children will take part in a variety of team sporting events designed to promote coordination, cooperation, and true sportsman spirit.

### **The Annual Sports Day for FS 1 & FS 2 will be held on**

Date : Saturday, 10th January 2026

Time : 8:30 AM – 11:00 AM

To maintain uniformity, all children will wear the school PE uniform. Colourful, space-themed props will be used during races and drills, adding excitement and visual appeal to the event. All participants will be celebrated and will receive medals and snacks.

To support the arrangements, props, and awards, a contribution of AED 50 per child has been budgeted for this event, we request you to pay online at the earliest.

### **Payment via Zenda App**

Download the Zenda App from Google Play Store or iOS App Store, log in using your registered mobile number, and make the payment directly.

If you require any further support regarding the online payment, please feel free to reach out to our accounts team at [accounts@applecommunityschool.ae](mailto:accounts@applecommunityschool.ae).

Your support and cooperation are highly appreciated. We look forward to seeing every child participate and enjoy this memorable day, as sporting activities play a key role in the overall development of our young learners.

Kind Regards,

*Pretty Khosla*
