

Hajj Simulation Program
(Year 2 to 10)

Dear Parents,

Greetings from **The Apple International Community School**.

Warm greetings to you in the blessed month of Dhul Hijjah. May Allah accept your عبادات and grant you and your family a joyous and blessed Eid ahead.

As part of our Islamic Studies enrichment activities, the school will be conducting a **Hajj Simulation Program on Thursday, 21st May**. This program is designed to provide students with a practical and meaningful understanding of the rituals of Hajj.

We kindly request you to **motivate and encourage your child to actively participate** in this special program. Through this experience, students will:

- Develop a deeper understanding of one of the Five Pillars of Islam
- Learn the step-by-step rituals of Hajj in a practical way
- Strengthen their spiritual connection and appreciation for Islamic practices
- Build confidence through active participation and collaborative learning

To support the preparation and training sessions leading up to the program, we request you to ensure that your child brings the required Ihram attire **within this week**, as students will be guided and trained on how to properly perform the rituals.

Dress Code:

- **Boys:** Two white pieces of cloth (Ihram)
- **Girls:** Plain abaya and scarf

Your cooperation in sending the Ihram attire on time will greatly help us in conducting effective practice sessions and ensuring students gain maximum benefit from the program.

Jazakum Allahu Khairan for your continued support and cooperation.

Kind Regards,

Pretty Khosla
