

## **Transition Meeting for Year 6 Parents**

Dear Parent,

Greetings from **The Apple International Community School**.

As your child completes Key Stage 2 and moves to Key Stage 3, we want to ensure a smooth and successful transition. We are organizing a transition meeting for all Year 6 parents to support this. This meeting aims to offer you an overview of the Year 3 curriculum and provide parents with a brief insight into the teaching methodology and the activities that will be followed in the next academic session. Although Year 7 has similar academic sessions to Year 6, there are increased demands and different ways of learning compared to Key Stage 2.

This meeting will cover:

- The key changes and new expectations in Year 7
- How to develop skills and strategies to focus on different subjects under the subject specialist tutors.
- Ways you can support your child's learning at home during this transition.
- Strategies to help prepare your child emotionally for Year 7 during the upcoming months
- An overview of the Year 7 curriculum.

Attending this meeting is crucial as it will ensure that you and your child are ready for this exciting new stage in their educational journey. It provides a chance to ask questions and get to know the Year 7 tutors. Strong home-school communication and parental involvement are vital for a positive transition experience. We hope you can join us for this important meeting.

The transition meeting is scheduled as follows:

**Day & Date : Tuesday, 23<sup>rd</sup> June 2026**

**Time : 10 AM to 11 AM (Request parents to be present by 9.45 AM in the AICS new MPH)**

**Venue : AICS New MPH**

Kindly make time to take advantage of this session so that the transition is a smooth process for your child. Looking forward to an eventful and fruitful session ahead!

Thank you for your continued support and cooperation.

Kind Regards,

*Pretty Khosla*
